

## Tour of Lebanon

The "Tour of Lebanon" is a multi-stage endurance touring bike, organized as an amateur cycling event in Lebanon every year.

It's neither a race nor an official tour, and it's not organized by an official or any nongovernmental organization. Each stage takes riders through the magnificent landscape of Lebanon, and its wonderful climate. The itinerary will go through variant topography, from the coastal roads climbing up into our lovely mountains and valleys, and along the "Bekaa" plain. Some sections of the Tour will include rides through major cities and picturesque villages. The entire ride will be fully-supported by escort cars through the whole ride for emergencies.

They are a group of passionate cyclists that organizes touring bike events in Lebanon every one or two months. They started last year with few cyclists and our group is growing fast.

Its mission is to inspire people of all ages to travel by bicycle for fitness, fun, and self-discovery, to go beyond their capacities and explore new horizons! Its main goals are to share our love for cycling, for nature, for a green attitude, preserving a clean environment, for healthy sport, and also to share its extraordinary touring bike events...

## **DBAYEH – TRIPOLI & back**

2014 Cycling season has begun! They will start their trips this year on Sunday on 2 March, just before spring. These trips will be training for its upcoming events, the first one on the 12 & 13 April, South Tour of Lebanon. So this Sunday trip is a flat smooth one, starting on the highway to Chekka then on the coastal road to Tripoli. They will stop in Enfeh at the Lady Church & Monastery (Sayidat El-Rih). It's a go and back itinerary, on the way back they will return through the coast road.

It's a Trip for all levels Advanced, Medium and Easy, so any cyclist can join. There will be 4 starting points, 3 on the way. But to be able to do so, PLEASE they need you to be PUNCTUAL. They will stop for a few minutes, in every Start point for gathering and start at the predefined time. They will split into 2 groups, a fast one and a second slow moderate group.
